>>>>  
>>>> Leader of the Governor's state task force ( MPART) sought our perspective ( off-line) on how to treat PFAS in municipal wells at the source. They realize that as they complete public water supply testing, they may have a situation where there is not a neighboring community supply they can tap into . We anticipate they'll be contacting us to discuss this further -soon . Their interest is in availability and cost. Jeff and I will try to gather some information to be ready if they do. Our perception is that they are seeking technical advice on this , as opposed to wanting us to do it .
